

FERNANDO SILVA DE ARRUDA

ABOUT ME

I am a student of Computer Technician for the Internet at IMD, I am self-taught in programming since I was 13 years old, I have solid knowledge in programming logic and the Javascript language. I seek to develop my skills and acquire new knowledge, focused on ethics and organization.

EDUCATION

COMPUTER TECHNICIAN AT IMD
INSTITUTO METRÓPOLE DIGITAL - UFRN
2022 - Present

PORTFOLIO

LEITURA CONJUNTA

Next.js | Chakra UI | Typescript | React

Projects developed for streamer @MsFisher1 aimed at the reading and concentration public, with the goal of engagement and gamification among their viewers, using an unofficial Skoob API created by me.

CLONE RIOT CLIENT

React | Typescript | Chakra UI

Clone of the main Riot Games interface, created for personal development using the tools.

COMENTÁRIOS CASIMIRO

CSS | React | Random User API

Project developed to generate phrases using adjectives to create catchphrases for the streamer Casimiro with the clone interface of the YouTube comments section, with users, comment box, replies, and reactions.
